

US 24 Buena Vista Enhancement Project

PROJECT OVERVIEW

- Enhancement of US 24 over approximately 3 miles, from Mile Point 209.8 to Mile Point 212.9
- Reconstruction of US 24 from Mill Street to Crossman Avenue (approximately 4000 feet)
- Asphalt resurfacing north of Crossman Avenue and south of Mill Street
- Cottonwood Creek structure repair and reinforcement

PROJECT HIGHLIGHTS

On US 24 between Crossman Avenue and Mill Street, the project is designed to improve or enhance the following:

Enhancement	Benefit
5-Foot-Wide Sidewalks (both sides of highway)	Upgrading the gravel trails and narrow sidewalks to create a safe place for pedestrians to walk along the highway.
Dedicated Bike Lanes (both sides of highway)	Giving cyclists a clear place to travel along the highway. Creating a multi-modal-friendly highway environment.
New Pedestrian Crossings and ADA Ramps	Increasing safety with more pedestrian crossing areas and updated ADA ramps at each intersection for wheel chairs.
4 Concrete Medians	Providing a clear division between the lanes of the highway and creating a safe place for pedestrians to wait while crossing the highway.
Additional Street Lights	Increasing the lighting of the street by adding three new lights for a safer nighttime environment. When complete there will be 17 Street lights along US 24.
Storm Sewer Lines; New Drainage Inlets at City Market	Reducing flooding near City Market.
Traffic Signal Upgrade	Improving the functionality of the traffic signal for Emergency Services.
Left Turn Pocket at Main Street and US 24	Providing a safe place for turning vehicle to wait while turning onto Main Street.

CONSTRUCTION TIMING

The construction project will begin the second week of August and is scheduled for completion mid-June 2017. The project will begin on the north side of Town in the west lanes.

August 2016 - June 2017

In-Town reconstruction of highway

December 2016 - March 2017

Winter Break - No Work

March - June 2017

Repaving North and South of Town

FUNDING SOURCES

The construction project will cost \$6.5 million to build. There are several sources of these funds including:

CDOT	\$ 3,045,000
Town of Buena Vista	\$ 469,700
RAMP Access Grant	\$ 1,997,090

BUENA VISTA CONTRIBUTIONS:

- Street Lighting
- Gravity Wall
- Bridge Railing
- Storm Water Drainage Inlets near City Market

NEW SPAN OF THE HIGHWAY

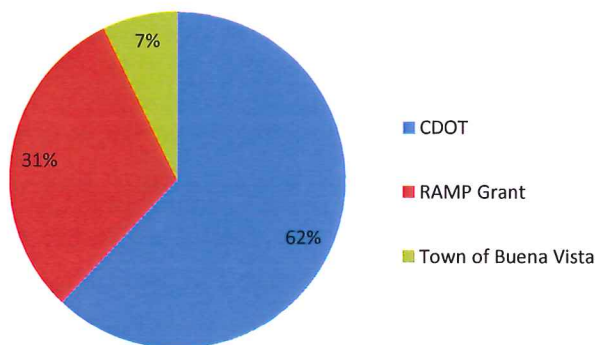

In Town the new width of the highway will span approximately 61 feet. The expansion allows for a 5-foot-wide concrete sidewalk.

PARKING IN TOWN

This project will create approximately 30 parking spaces, making parking more clear and accessible.

- 9-10 parallel parking spaces on Charles Street
- 22-23 spaces will be available on US 24, including some near the parks
