Dan Courtright shared that BV HPC has been invited to present on architectural design guidelines. That webinar is scheduled to take place November 15, 2021, but may change.

Dan also shared that the Optimist Club has invited representatives from HPC to attend a breakfast meeting in October or November. Dan then reviewed some the key elements of a proposed presentation to both the Optimist Club and History Colorado.

**C. HPC 2021 progress to date and opportunities for improvement**

John reviewed our goals and objectives: local landmarking, architectural design guidelines, marketing, and finding a new commissioner (completed). He also reviewed several items that came up last month, and discussed whether and how to continue pursuing those goals:

- a. Get the survey into the public's hands
- b. Partnering with other groups (chamber, beautification, etc.)
- c. Focus on housing
  - a. Katy updated that she and John met with Chaffee Habitat for Humanity and learned about their ideal historic home arrangement.
  - b. Joseph suggested reaching out to Chaffee Housing Authority and Chaffee Housing Trust. Katy will continue to put forward this idea with other stakeholders.
- d. Pursue informal "old town" designation

Mary Therese pointed out that "historic district" might be a confusing term, and maybe we need a term that is a little different, like a culture area. Mark agrees. Dan would like to champion this effort. Address in January as to whether it's a strategic plan item for 2022. Melanie said she would like to focus on preserving and celebrating rather than restrictions. Katy said that this is a positive approach to the new construction going up—featuring and celebrating old town BV.
- e. Historic preservation month.

Mary Therese will champion and Melanie Roth will assist. Katy will help get any promo materials into the hands of kids.
- f. Residential survey.

Mary Therese shared the deadlines and available funding to complete a residential survey, and she offered to do a reconnaissance survey to see how many resources would be eligible for an intensive surveying, which will inform the budget process.

**D. Trustee work session schedule and agenda**

The Trustees would like to have a work session to discuss the implementation of architectural design guidelines. Mark also shared that this would be a good opportunity to bring up our budget needs during a trustee work session, where we should also discuss the goals of HPC and any needs that require money.

**E. Town budget request discussion**

This discussion was combined with the trustee work session discussion.

**F. Elevator pitch handout**

Mary Therese handed out an elevator pitch handout, which is included with these minutes.
